1. Use of Eco friendly things. -

Considering the increasing amount of pollution, and considering the dangers of pollution, our college took the initiative to avoid harmful things and use things that complement the environment.

This activity was conducted on 16-09-2023.

Shri Waseem Shaikh, Art and Craft Teacher of Sai Public School, Kurduwadi was the chief guest for this event. They asked the students what are the factors harmful to the environment? What are its effects on the environment and living beings? What measures should be taken to prevent this? Said this. Also, training was given to the students on how to create durable items from waste materials. He trained the students to make Eco friendly Ganapati. Through this activity, the students also enlightened other people at home and in the community to create sustainable products from waste materials and eco-friendly Ganapati themselves.

3. Tree Plantation-

College of Education for Women, Kurduwadi conducts the college tree plantation program every year by the founder of the institute, tree plantation program is organized on every birthday (August 1) of Dr. M. P. Suravse sir. At that time, plantations are done on hilly areas, roadsides and deserts. The tree is maintained even afterwards.

Also on Environment Day 05-06-2022 students planted trees. The trees in the college campus are planted by the students. A garden has also been created in the college.

This activity makes the students aware of the environment. They take measures for environment and nature conservation. They give strength/motivation to other individuals in the society. They develop sensitivity towards society.

A tree plantation program was organized in the college on 20-07-2019. The student planted a tree in the MIDC premises.
